General Information

LOCATION—This sale will be held at the Fred Blotz Farm, 5 miles southeast of Dodgeville, Wisconsin, on County Trunk B. U. S. Highway 18 runs two miles north of farm. 42 miles west of Madison. Gravel and paved roads in every direction.

Frequent bus service from Madison to Dodgeville. Busses will be met at the Hotel Higbee in Dodgeville on sale day.

TIME—The sale will start promptly at 12:30 P.M. Central Standard Time on Tuesday, October 12, 1948.

LUNCH—Will be served on the grounds by the neighboring ladies club.

TERMS—The terms of the sale are cash unless other arrangements are made in advance with the owner. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

GUARANTEE—Although this is a complete dispersion, the cattle will be sold with liberal guarantees. Since our herd has always been maintained under ideal conditions for the health and proper development of the cattle, we have the utmost of faith in them and are perfectly willing to offer them under the following guarantee:

All cows with calves at foot are considered breeders and no further guarantee is made with respect to them. Heifers under 16 months at the time of the sale are not guaranteed to be breeders. All other females are guaranteed to be breeders. All bulls are guaranteed to be breeders if properly cared for and not allowed to run with the herd. Notice must be given within 90 days of any female or bull that seems to be a doubtful breeder. In case an animal fails to be a breeder up to a 6 months time limit, the owner, Fred Blotz, agrees to refund in cash without interest the difference between the purchase price and the slaughter price. The above guarantee shall constitute a contract between Fred Blotz and the buyer of each lot. Neither the Sale Manager nor the Clerk of the Sale assumes any liability, legal or otherwise.

The owner, Fred Blotz, is retiring from active farming but will continue the ownership of land on a tenant basis. He will reside in Dodgeville, Wisconsin, where he may be reached at any time by letter, phone or wire.

REGISTRATION—A certificate of registry and a signed transfer will be furnished for each calf sold and an application for registry will be furnished for each calf sold at foot and for each unborn calf sold in dam.

Where footnotes appear in this catalog, they were written by the owner.

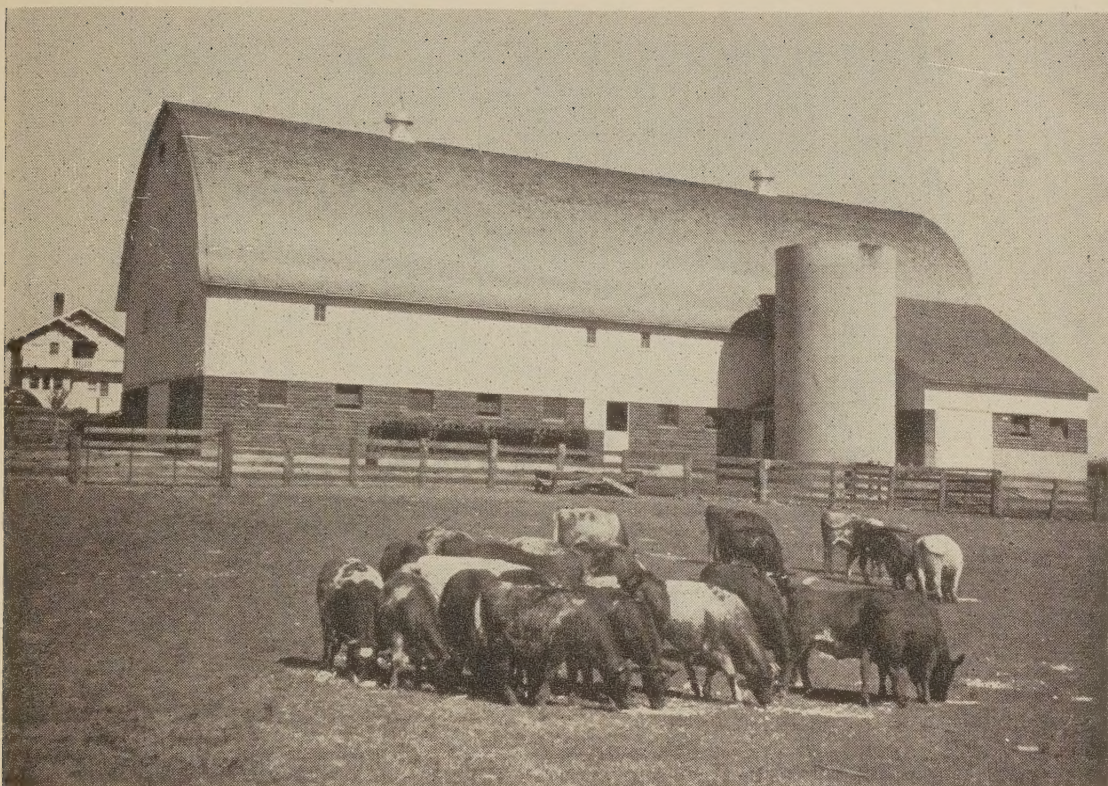

HEALTH—Calfhood vaccination has been practiced regularly in this herd. As a further precaution and to comply with shipping regulations, all animals have been tested for both Tuberculosis and Bang's Disease within 30 days of the date of the sale. Health charts will be provided with each animal on sale day.

LIABILITY—We will not be responsible for any accidents that may occur but will make every effort to provide for the safety and comfort of our guests.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to Hal Longley of The Shorthorn World, Tom Sherlock of the Drovers Journal, or to either of the auctioneers.

AUCTIONEERS—J. E. Halsey, Des Moines, Iowa, and J. C. Vesperman, Lancaster, Wisconsin.

SALE MANAGER—Hal Longley, 16 S. Locust St., Aurora, Illinois.

The main cattle barn on the Fred Blotz Farm where this sale is to be held. The picture shows a few of the cows in the herd.

Many persons have accused me of favoring Wisconsin as a source of supply for good Shorthorns and of boosting Blotz bred cattle in a particularly energetic manner. Probably I am guilty. If so, it is only because I have the highest regard for any herd that has been maintained continuously on a high basis for such a long period of years. The Blotz herd was founded in 1883 when John M. Blotz, grandfather of the present owner, bought his first purebred Shorthorn female with money received as a wedding gift. Through good years and bad this herd has carried on, always with nationally known sires at its head.

Before I started compiling this catalog, I took the time to look back through the marked catalogs of former Blotz' annual sales. Always the cattle were bought by men who knew and appreciated good bloodlines. In a sale in 1933 which averaged only \$70.00 per head, a number of females were purchased to go into the foundation of the famous Killearn Herd owned by Claude Gallinger. One female, purchased privately from Blotz Bros. that year, founded the Killearn Augusta family that produced Killearn Monarch 101st for which Charlie Broughton paid \$6,500, and Killearn Major for which Bill Anderson paid \$3,600. Many other similar examples of the worth of Blotz bred Shorthorns are found in a study of the catalogs of Blotz annual sales which were held annually, no matter what the conditions of the times.

Always Blotz bred cattle have proved profitable to their owners. The reason may be found in a study of this catalog. Those pedigrees carrying many generations of Blotz breeding show a blend of the blood of the most famous bloodlines the breed has known.

It is a matter of regret that Fred Blotz is retiring from active farming. However, he has earned a rest and the profits taken from this herd have made such a rest possible. The dispersion of his herd will provide fine buying opportunities. The cattle are good individuals, dependable producers and are in the condition to insure greatest profits.

Hal Longley of The Shorthorn World.

No herd in the country surpasses the Blotz Bros.' herd in the quality of the females supplied to buyers. Here are a group of Blotz females that are now proving great brood cows for their new owners.

Facts That Are Worth Considering

This herd has been maintained continuously since 1883. During this entire period bulls of highest quality have been used and the owners have conducted their purebred cattle operations on a basis that has gained them the respect and confidence of the entire Shorthorn fraternity.

Almost all of the animals in this sale were bred in the Blotz herd and most of them are backed by several generations of Blotz breeding. The greatest herds in the land have included Blotz bred cattle in their foundations. When you buy from this herd, you are buying from constructive breeders and not from speculators.

The cattle in this dispersion have not received any special fitting for this sale. The mature cows are being sold right off pasture and the younger animals, although fed sufficiently to insure proper development, have not been pampered. Every animal in the sale is healthy and in proper condition to insure future usefulness.

Prospective buyers should note that there are about 15 cows with calves at foot and that many more will calve before sale day. In addition there are many females that will be in calf from 4 to 7 months by the date of the sale. Those who buy females in this sale will receive quick dividends. Final breeding dates will be announced on sale day in cases where they are not printed in this catalog.

No overdrawn descriptive footnotes are printed in this catalog and it was impossible to arrange for new photographs in the limited time available. As Blotz bred cattle have always done, these in this sale will sell strictly on their merits.

Because the owner has implicit faith in his cattle, liberal guarantees will cover the animals in this sale.

Blotz Bred Shorthorns Have Been Consistent Improvers, Money Makers

The Blotz herd has been maintained continuously since 1883. For many years, operated under the firm name of Blotz Bros., the herd was the largest in Wisconsin and one of the largest in the country. About two years ago the herd was divided evenly by Fred Blotz and the late Wilbur Blotz. The latter herd, now operated under the name of Blotz and Casper, is to be continued. The cattle to be sold in this sale are owned by Fred Blotz and represent one-half of the former Blotz Bros.' herd. The two present herd bulls, Edellyn Royal Leader 9th and Hickory Knolls Ransom, used jointly in both herds, are not to be sold.

Buyers will do well to note the prolificacy of the families in this herd. Over the years the owners have had plenty of opportunity to observe which were most profitable and only those famous Scotch families of greatest dependability were retained. On these pages are pictured animals that trace back to these families. . . animals that have made money for their owners. Study the list of famous sires that have been used in this herd. Consider that these cattle have paid for the land on which they were maintained. It does make a difference WHERE you buy. It pays to buy from a BREEDER, not a SPECULATOR.

This is the bull, Killearn Major, for which W. C. Anderson & Son, West Liberty, Iowa, paid \$3,600 in the 1948 Gallinger Sale. Did you know that his bull is out of an Augusta cow whose granddam was purchased from the Blotz herd? Blotz bred females have been used in the foundation of some of the greatest herds in America.

This is the bull Killearn Monarch 101st for which C. J. Broughton, Dayton, Washington, paid \$6,500 in the 1947 Gallinger Sale. Here is another great animal whose granddam, a daughter of Edellyn Perfection, came from the Blotz herd. Blotz bred Shorthorns, usually purchased at very moderate prices, have made great profits for their owners.

Crimson May 90th, bred by Blotz Bros. and sold in their 1946 sale. This daughter of Edellyn Royal Leader 9th was purchased by Edellyn Farms at \$475. She was resold in the 1948 Edellyn auction at \$2,400.

Cecelia's Maid, bred by Blotz Bros. and sold in their 1946 sale. This daughter of Edellyn Royal Leader 9th was purchased by The Hickories at \$230. She was resold in The Hickories Sale at \$850.

Hiland Crimson May, a daughter of Hickory Knolls Ransom purchased by Elcona Farms at \$510 in the 1946 Blotz Sale. A member of this same family sold to Elcona in the 1945 Blotz Sale at \$450 and she resold at \$1,050.

The Cattleman HEREFORD REGISTER of Value

JULY 1, 1947 TO JUNE 30, 1948

The valuation placed on Herefords in public auctions is a definite appraisal of their worth as determined by the large number of experienced breeders who have purchased them, and therefore establishes their value in a manner impossible by any other method.

During the past seven sale seasons (July 1 to June 30) The Cattleman has published a summary of prices received at Hereford auctions throughout the United States as reported by the various livestock publications.

Again this year we present The Cattleman Hereford Register of Value.

A SENSATIONAL gain of \$93 per head over last year was registered in the average price of Registered Herefords sold at auction throughout the United States during the sale season just closed (July 1, 1947 to June 30, 1948). This is a substantially stronger price hike than has ever before been recorded in this annual summary of Hereford prices that has been published during the past seven years in The Cattleman.

Every category in this Register of Value is headed by a record-breaking sale. The Wyoming Hereford Ranch sale average of \$5,933 tops all former auctions; Thornton Hereford Ranch total of \$860,480 exceeds any past totals; WHR's \$8,491 average on bulls surpasses any previous bull sale averages; another WHR first is their \$3,999 average on females. WHR Helmsman 89th, selling at \$61,000, established a record Hereford bull price, and TT Zato Heiress sold at \$35,000 to be the highest selling Hereford female of all time.

However, a let-up in number of sales was experienced as only 510 Hereford auctions were held in which 34,665 cattle sold for a total of \$16,926,453, or an average of \$488 per head. In the preceding sale season 599 sales were held in which 41,781 Herefords sold for \$16,328,192 or \$391 per head. The summary at the bottom of the opposite page graphically shows the recent year-by-year increase of Hereford prices.

The four states Kansas, Nebraska, Oklahoma and Texas again lead in their listed order in the number of auctions, but a lesser number of sales in Oklahoma and Texas than in past years allowed Missouri, Iowa and South Dakota to draw nearer this group.

The number of states in which Registered Hereford sales were held remained stable with recent years as breeders or groups of breeders in 41 states held auctions this year compared with 42 in the past season.

REGISTER OF VALUE SALES (High Averages)

Wyoming Hereford Ranch, Cheyenne, Wyoming, again set an all-time high average record for a Hereford sale and/or beef breed sale, bulls and females combined, when 72 head sold for an average of \$5,933. Nineteen sales made an average exceeding the \$1,000 mark. Following is a list of the 35 high averaging sales held during the past year:

They are Wyoming Hereford Ranch, Cheyenne, Wyo.; National Western Sale, Denver, Colo.; Turner Ranch, Sulphur, Okla.; and Morlunda Farms, Lewisburg, W. Va. Wyoming Hereford Ranch has headed the group four times and Turner Ranch three times. Circle M Ranch, Senatobia, Miss., has been in this high average group seven consecutive times, not having held a sale the first year of the compilation. Mousel Bros., Cambridge, Nebr., have been represented seven times, not consecutive years, however.

EIGHT-YEAR SUMMARY SHOWS HEREFORD PROGRESS

From records it has compiled over the past eight-year period, The Cattleman presents herewith a composite summary of Hereford sales. While the number of sales and the number of head sold have declined from last year's figures, every other column shows a figure representing a record high for its classification.
